

The Claremont Hotel

Polperro

Accessibility:

- As is typical of old Cornish buildings, the stairs in the hotel are narrow and steep. We do not have a lift and there is no wheelchair access.
- The hotel reception is located up a flight of steps from the road. There is an additional flight of steps to reach the first floor, and another flight of steps to reach the second floor.
- Rooms 7, 8, 9, 10, 11 are on the first floor. Rooms 1, 2, 3, 4, 5, 6 are on the second floor.
- The door and en-suite bathroom for Room 12 are located on the second floor and there is an additional set of stairs within the room itself to reach the bedroom and toilet. This room is located in the former attic space and has low sloping ceilings.
- We do not currently have any special measures in place for guests with hearing or visibility impairments
